Mr. James C. Brown
MRO Purchasing Manager
Alaskan Copper and Brass Co.
P.O. Box 3546
Seattle, Washington 98124

Dear Jim:

We are pleased to quote disposal of 2 each P.C.B. and X-Ray Power Supply Units located in Seattle and would provide a total turn key operation.

We would package at your facility in accordance with Department of Transportation regulations.

The Capacitors and PCB oil together with Flush Solvents would be sent to Rollins Environmental Service in Deer Park, Texas for incineration.

The remaining carcass would be sent to U.S. Ecology, EPA Class I Landfill at Beatty, Nevada for Disposal.

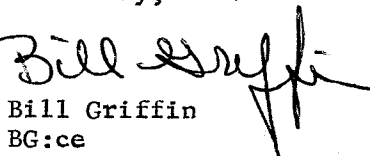

Transportation would be provided by TECREP, Inc. or Rollins Environmental Service as E.P.A. Transportors. We would provide a Certificate of Insurance with your company as named Insured for \$1,000,000. General Liability with a \$5,000,000 excess and \$5,000,000 pollution Impairment Insurance

Total Cost for all Labor, Packaging, Transportation, Incineration Disposal is:

Terms: Net 30 \$4,137.00

If you have any questions please call.

Sincerely,

Bill Griffin
